The main obhela Divisios. P. R. R. relative to the ject of the organization would be to project. It is proposed to pave the keep alive the spirit of preparedness alley from Third street to Eighth.

All members of council were present at the meeting with Prsident D. R. Durall in the chair. Among the important business considered was that of an ordinance permitting the erection of electric signs over sidewalks of the borough. The ordinance was finally passed. Signs must not according to the ordinance be lower than ten feet above the pavement and must not extend beyond the carb line.

In the first estimate of Brooke and who are now engaged in grading and paving work in the borough, the sum of \$4.007.85 was ordered paid. Ten per cent being held back.

NEW DESIGNS FOR COINS. It is unnounced that the Units States Treasury vill soch lesse for designs in place of the present style of dimes, quarters and half dollars. If they are no better spealmers than to be guired by the change, says the New Castle Herald.

To most people one design for a coin is as good as another provided it passes at the gracery stare. But coins do nate a real signature. Tot centuries nations have used them to express their ideas. history, and great leaders. A well designed and executed coin is a sign that the prople behind it are a nation of high inralligence and development of craftsmanship. Conversely a poorly designed coin suggests a low detel pment of the arts.

A GOOD FRIEND

A good friend stands by you when in need. Charleroi people tell how Doan's Kidney Pills have stood the test. Mrs. Stopp endorsed Doan's over six years ago and again confirms the story. Could you ask for more convincing testimony?

Mrs. William Stopp, 214 Second Street, Charleroi, says: "I had backaches and was distressed by headaches and dizzy spells. My kidneys were weak and the kidney secretions' caused me annoyance. I saw Doan's Kidney Pills advertised and got a box at Piper Bros.' Drug Store. They gave me good results," (Statement given November 5, 1909.)

Confirmed Testimony. On January 29, 1914, Mrs. Stopp said: "I have nothing to retract from my former statement given a few years ago, recommending Doan's Kidney Pills never fail to give us relief when we take them."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get

The inner Secret of New Post Toasties

A gi-nce at one of these new corn flakes reveals novel, little bubbles which are raised by the quick. intense heat of a new process of manufacture.

These bubbles are an identifying feature of these—the only corn lakes with a self-developed, delicious corn flavour -the only flakes that do not have to depend largely on cream and sugar for palatability.

Try some of the New Toasties dry—they're good that way—the children munch them like candy. But of course the delicious new flavour is more pronounced when the flakes are served with sugar and cream.

The New Post Teasties do not waste into "chaff" in the package, and they don't mush down in cream like other flakes. 'They're a vast improvement over old-fashioned corn flakes and have met with enthusiiastic approval everywhere.

New Post Toasties

Sold by Grocers everywhere.

[⊖] If you have Weak Ankles, Cramped or Crowded Toes, Tired Aching Feet, Breaking Down Arches or Insteps, Tases the Feet Calloused Soles, Corns, Bunions, Pains in the Heels or Limbs-

Have your feet fitted at once with a pair of

Dr. Scholl's Foot-Eazers Made of two finely tempered

silveroid spring plates, free at one end so they may slide one upon the other for resiliency and durability. These are covered with the finest cost and flexible top piece.

Most foot trouble is caused by overwork or strain on the muscles and ligaments that support the arch of the foot and carry the weight of the body. When these tire and relax,

the arch bones are lowered by the weight of the body, and pains and discomforts are sure to result. There is only one

way to remedy the trouble and that is to give these

muscles, ligaments, etc., the help necessary to

restore the arch to its proper position-Dr. Scholl's Foot-Eazer does that and gives immediate relief. This appliance is self-adjusting to the action of the foot, allows the muscles to act, stimulates the circulation and brings case and comfort.

WEST PENN-POWER COMPANY

7% CUMULATIVE PREFERRED STOCK

(Shares of \$100 par value)

Preferred both as to assets and dividends

Redeemable as a whole or in part at 115 and accrued dividend upon six months' notice. Dividends payable quarterly, February 15, May 15, August 15 and November 15.

TAX EXEMPT IN PENNSYLVANIA

The West Penn Power Company was organized under the laws of Pennsylvania, March 1, 1916, for the purpose of consolidating under a single fee ownership the principal electric light and power properties owned by the West Penn Traction Company. The West Penn Power Company does a general electric lighting and power business, serving some seventy-five cities and towns in the territory surrounding Patabargh, Pennsylvania.

For detailed information regarding this stock, attration in directed to the accompanying letter of Samuel Insull, Esquire, President of the Company, from which we summarize the following:

The proceeds of this stock will be used for additions, improvements and extensions to the Company's property.

No additional preferred stock, except \$1,000,000 par value, may be issued unless surplus carnings after payment of bond interest shall equal at least Three Times the annual dividend requirement on all preferred stock outstanding, including that proposed to be issued.

Franchise situation is eminently satisfactory.

On the basis of the appraisal of our examining engineers and the investment of cash realized from the present financing the value of the property is largely in excess of the outstanding bonds and preferred stock.

The physical property is in good condition and provision is made by mortgage covenant for adequate maintenance and renewal thereof.

Earning capacity of the property, as shown by cartified statement of independent auditors, is far in excess of interest and dividend requirements. For the twelve months ended December 31, 1915, surplus earnings after payment of all fixed charges were equivalent to over five times dividend required on present issue of preferred stock.

Territory served comprises one of the very best power situations in the United States and offers executional opportunities for largely increasing the Company's business.
